### **The Alignments of Carnac**

Soak up the magic of these 3000 menhirs ... True "fields of memory" materializing a border, both physical and mental, the Alignments embody a challenge for archeology. Gradually, the idea of the ruined temple gives way to a new notion: the site of "passage" marking the break between two spaces,...

### **Les Alignements de Kerzerho**

Classified Historical Monuments in 1862, the 195 megaliths (Megas Lithos: Great Stones) are oriented East - West. These alignments are currently 200m long in 5 rows. Dated from -5,000 to -2,000 BC, they are, of course, no longer in the same state as before. Indeed, there were 1130 in 11 rows there...
